

The stars and experts share their tips

"It's obviously, really important for me to take care of my skin," shares the actor.

Skin Deep

Sean Kanan (A.J., GENERAL HOSPITAL) shares the secret of his youthful look!

Flawless skin is an absolute necessity for any actor. Thanks to Skin 2 Skin Care, people routinely think 47-year-old Sean Kanan (A.J., GENERAL HOSPITAL) is far younger! "Several years ago, I stumbled upon this product and began to use it," he says. "The results were nothing short of incredible and far exceeded anything that I was expecting."

A Ringing Endorsement!

Skin 2 Skin Care was developed in 2005 by a gentleman named Ken Simpson. After being diagnosed with a brain tumor, Simpson underwent intensive radiation and chemotherapy which worked wonders on the cancer, but the side effects on his skin were quite alarming.

"He had chemo burns on his face," Kanan explains. "He was so distraught over what had happened to him that he decided to come up with products he could use to heal himself."

And Skin 2 Skin Care was born! "The products are completely carcinogenic-free, toxin-free, gluten-free, cruelty-free and vegan. And they work!"

Kanan has used Skin 2 Skin Care for about three years and was so impressed by the results that he wanted to get more

involved! "My wife, Michele, and I are now partners with him," Kanan says. "We are brand ambassadors and vice presidents of the company. I will only lend my name to something that I not only use, but also believe in. This is a really exciting opportunity for me because I believe in this product."

Proven Effective!

There's been a lot of exciting stuff happening very quickly for Skin 2 Skin since the Kanans jumped on board, including the making of an infomercial and development of additional products. Among those currently available are cleansing creams, eye treatments, booster creams, anti-aging moisturizers and a sun protector.

"I've used lots and lots of products over the years and this is the first time that I've not used a hodgepodge of different lines. I'm using just our stuff. That's all I really need!" Kanan says. "Good skin is not about vanity. It's about good health and taking care of yourself."

— Rosemary A. Rossi ■

"The products really work and you don't need a lot of them," Kanan's wife says.

Skin 2 Skin Care is for both men and women.
